

YWCA Rockhampton Indoor Sporting Facility

A representative of each user of the facility will need to read the following statements and sign where indicated. This agreement is to be returned to YWCA before any activity is to be undertaken at the YWCA owned Rockhampton facility.

- I agree to adhere to all Health measures as advised by the Qld state government and the Australian federal government in relation to Covid-19.
- I will ensure that all participants of my organisation will take all precautions in relation to health and safety, for my own group and for others using the YWCA facility.
- I will ensure that a basic clean of shared areas of the YWCA facility occurs after each use by my group. This will include cleaning and disinfecting all commonly touched surfaces, and any YWCA owned equipment. YWCA expects that each group will communicate to each other while at the facility at the same time for this to be completed satisfactorily.
- YWCA strongly encourages each user of the facility to download the Covidsafe App and sign in through QR code present at the YWCA facility.
